

Nehemiah

Faith Community Crisis-Response Team INITIATIVE

COLLABORATION IN THE MIDST OF CRISIS

A collective of faith and civic leaders and vibrant community volunteers who have joined together to respond in the midst of crisis.

We mobilize the local church and coordinate these efforts through the following activities:

Emergency Warming Shelter Coordination

Nehemiah mobilizes church volunteers, as well as local government and social services agencies during times of extreme weather to provide warmth and shelter for our unsheltered friends.

Street Outreach

A collaborative effort between Nehemiah, Central Christian Church and community volunteers to serve the unsheltered wherever they may be found.

Hot Meals and Pantry Booklet

A quick reference guide to help individuals who need assistance with food and to help those in ministries or non-profit organizations who are seeking to assist them.

A NEW COLLABORATIVE MODEL

safety · law enforcement
social services · **churches**
volunteers · food service
health services · **government**

Faith Community Crisis-Response Team Initiative

UNITY IN ACTION

We continue to see the fruit of unity in action through the Faith Community Crisis-Response Team.

Together, we organized three emergency warming shelters, successfully serving over 60 community members during the harshest of conditions. In addition, many were able to access case management and programming services through coordinated entry with Interfaith Hospitality Network. As a model of deep collaboration, these organizations came together to operate an Emergency Warming Shelter at High Street Church of the Nazarene.
